

Tema Type Coupling

This Range interchanges with:
Tema T series, Stucchi IRH, Rycu R130

QTC Tema Type Coupling

*APPLICATIONS

A rugged high flow coupling offering minimum pressure drop and minimum flow drop. Particularly suited to hydraulic applications in the transport industry. Also suited to the high flow requirements of the commercial carpet cleaning industry.

*FEATURES

Manual locking ring to prevent accidental disconnection
Double O Ring for improved sealing

***Material – Steel**

***Valve Type - Poppet**

*TECHNICAL

Coupler Body – Steel, Trivalent Plated
Poppet Type Steel Valve
Seals – Nitrile (Buna N) with PTFE backup ring
Temperature Range: -25C to +125C

SEAL KITS

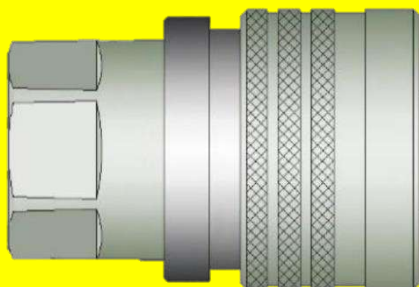

Body Size	Item No	Price Inc. GST
3/8"	QTCSK-06F	\$5.50
1/2"	QTCSK-08F	\$5.50
3/4"	QTCSK-12F	\$8.80
1"	QTCSK-16F	\$8.80

* Connected

Flat Face High Pressure

This Range interchanges with:
 All standard ISO 16028 Flat Face Couplings
 Stucchi Flat Face "A" Premier Series
 Faster FFH

QFH Flat Face High Pressure

*Material – Steel

*Valve Type - Poppet

*APPLICATIONS

Widely used in the public utility markets where oil spillage can constitute a serious hazard. Higher working pressures, improved flow rating and lower pressure drop than the standard QFF series. Increased number of connection balls reduces brinelling under arduous conditions.

*TECHNICAL

Coupler Body – Steel, Trivalent Plated
 Standard Seals – Nitrile NBR
 Temperature Range: -20C to +120C
